## Off-loading of Pallets

We do not have a forklift at our photography area. Palletted samples need to be off loaded by the courier such as via a tail lift or other suitable means.

## Customs Information for Samples Sent from Outside of EU

Samples are to be sent DDP (Delivered Duty Paid). Due to the complexity of customs, most of our clients choose to employ an agent to facilitate hassle free shipments.

### Customs Charges

All costs associated with the delivery or return of products are to be covered by the sender.

An administration charge of 50 EUR will apply where samples have not been sent DDP.
